

# Light Meetings

## Heavy facts about Light Meetings

Light Meetings is an original and stylish business venue at Nordic Light Hotel, located only steps from the Central Station and the airport express. In the epicenter of Stockholm, a fast growing and energetic neighbourhood, we offer 14 conference rooms of various sizes – the largest holding up to 150 people. All meals are served by Lykke & Løjromsbaren, our in-house restaurant with a strong personality and a true passion for food, wine and people.

When you book a meeting with us, you can rest assured that we'll make everything as easy as possible for you. Our technology is cutting-edge, but it's always simple to use. You can easily customize your space by changing the light and color to set a mood – pick red for energy and blue for stillness. Our friendly, professional business hosts are present and make sure everything runs smoothly behind the scenes.
